

CPAP Vendors

Prior to your sleep study, we ask that you select a Durable Medical Equipment (DME) vendor, in the event that you need CPAP therapy. It is recommended that you check with your insurance carrier, or call the vendor to verify insurance eligibility. Below is a list of local companies that offer CPAP equipment and supplies. **Our preferred vendors include: CPAP Now, Medicap Pharmacy, and Norco.** These vendors have provided masks for trial at the lab. After being fitted and educated on mask types you will be able to take home the mask that works best for you when choosing one of these three vendors.

Please have a vendor selected prior to your study. If you do not have a vendor selected, one may be assigned to you. In the event that you need CPAP therapy, we will send an order for CPAP to the vendor that you select or that's assigned. Keep in mind, you can change your CPAP vendor at any time, even after you have been set up with CPAP equipment.
